E. Junior Maldonado

Clerk of Hudson County

The end of the 2018 marks a threshold and invites pause for reflection. I have had the privilege of beginning my term as Hudson County Clerk this past year. I have dedicated 35 years of my life to public service in one capacity or another, but I must say that serving you as the Clerk for Hudson County has been an exceptional honor and pleasure.

In 2018, our office had the privilege of introducing three unique components to our digital infrastructure. These modules are both new additions to the Clerk's digital cache, as well improvements to preexisting platforms. They included a redesigned Hudson County Clerk website, as well as the new election night reporting software and the Hudson County Votes mobile application.

Implementing these changes gave us the ability to modernize and keep up with advanced technological changes, as well as becoming more transparent and timely in our elections reporting data. We consider this cadre of additions to have been extremely successful and we are looking towards 2019 to be just as productive.

Having said that, it is my pleasure to present to you the Hudson County Clerk 2019 election calendar with all the necessary pertinent dates for special, school board, primary and general election timelines. It is our hope that you will find the information useful for your community and for anyone seeking to run for elective office.

In the calendar, we highlight iconic sites in all twelve municipalities along with the cover picture of the Historic William J. Brennan Courthouse. We have also taken the liberty of including a Voter Registration form and a Vote By Mail Application for your use. We hope that you enjoy the pictures and find the information helpful.

E. Junior Maldonado
